This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS:

1. (currently amended) ~~Coated~~ A coated textile having printed patterns, ~~characterized in that it comprises~~ comprising a textile underlayer forming a backing and combined with a coating layer formed from a film based on a polyolefin component and on an EPDM-type elastomer, ~~the~~ wherein said coating layer ~~having~~ has printed patterns on ~~its~~ the surface which ~~is~~ are not bonded to the textile underlayer.

2. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, characterized in that the polyolefin component has a Shore A hardness of between 30 and 50.

3. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, characterized in that the polyolefin component consists of TPE-type polymers or copolymers chosen ~~especially~~ from polyethylene, polypropylene, and blends or copolymers thereof.

4. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, characterized in that the polyolefin component content is between 15 and 25 parts by weight with respect to the total weight of the composition.

5. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, characterized in that the elastomer content is between 65 and 80 parts by weight.

6. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, characterized in that the composition of the coating layer is as follows:

Polyolefin component	} A	15 to 25 parts by weight
EPDM-type elastomer		65 to 80 parts by weight
Paraffin oil		0 to 15 parts by weight
Metallocene-very low density polyethylene		10 to 30 parts with respect to A
Polypropylene homopolymer		5 to 8 parts with respect to A
UV, heat stabilizer		0.4 to 0.6 parts with respect to A

7. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, characterized in that the coated textile ~~furthermore has~~ further comprises a printing primer deposited on the coating layer.

8. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, ~~characterized in that it is~~ wherein said coated textile is provided with a protective varnish that is applied to the printed coating layer.

9. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, characterized in that the

underlayer forming a textile backing comprises ~~or consists of~~ a woven, a nonwoven or a mesh, ~~preferably a woven or a nonwoven material.~~

10. (currently amended) ~~Coated~~ The coated textile having printed patterns according to Claim 1, ~~characterized in that it~~ wherein said coated textile is provided with a foam-rubber underlayer combined with the backing textile on its face on the opposite side from that bearing the coating.

11-18. (cancelled)

19. (currently amended) ~~Articles~~ An article comprising a coated textile having printed patterns according to Claim 1.

20. (currently amended) ~~Articles~~ The article according to Claim 19, ~~consisting of~~ wherein said article is a printed tablecloths tablecloth.

21. (currently amended) ~~Articles~~ The article according to Claim 19, ~~consisting of printed wall textiles~~ wherein said article is a printed wall textile.

22. (new) The coated textile according to claim 1, wherein said printed patterns are carried with a heliogravure printing technique.

23. (new) The coated textile according to claim 1, wherein the printed patterns form a decoration.

24. (new) The coated textile according to claim 1, wherein the printed patterns are discontinuous and varied.

25. (new) The coated textile according to claim 1, wherein said printed patterns comprise patterns or decorations of different colors.

26. (new) The coated textile according to claim 1, wherein the printed patterns comprise a decoration of 1 to 6 colors.
